

FREE EVENT

Stroke Awareness and Prevention

Presented by Southwest General
Thursday, May 10, 2018, 6-8 p.m.

Located in Williams Conference Center, Rooms A-D, in the basement of the L. Jon Schurmeier Medical Pavilion (Building C), on the hospital's Main Campus, 18697 Bagley Road, in Middleburg Heights.

- Listen to a presentation on stroke awareness and prevention by Dr. K.C. Ravishankar, a neurologist on the Medical Staff at Southwest General and medical director of Southwest General's Primary Stroke Center.
- Talk with the stroke coordinator
- Learn what the American Heart Association's F.A.S.T. acronym is all about
- Take home information on stroke warning signs and the Circulation Circuit program
- Understand your own personal risk factors and prevention strategies
- Access FREE blood pressure screening, body mass index calculation, glucose screening, carotid artery (stroke) ultrasound screening, individual stroke risk assessment and more!

**For more information,
call Health Connection at 440-816-5050.**

No registration required. No appointment necessary
for the screenings; **first come, first served.**
