

FREE EVENT

Stroke Awareness and Prevention

Presented by Southwest General
Thursday, May 14, 2026, 5-7 p.m.

Located in Williams Conference Center, Rooms A-D, in the basement of the L. Jon Schurmeier Medical Pavilion (Building C), on the hospital's Main Campus, 18697 Bagley Road, in Middleburg Heights.

- Dr. Jenny Arman, board-certified emergency room physician and assistant medical director for Southwest General's Main Campus Emergency Room and the facility medical director for Southwest General's Brunswick Emergency Room, will speak at this event and be available to answer questions.
- Learn what the B.E.F.A.S.T. stroke acronym is all about
- Understand your own personal risk factors and prevention strategies
- Access FREE blood pressure screening, body mass index calculation, glucose screening, cholesterol screening, carotid artery (stroke) ultrasound screening, individual stroke risk assessment and more!

No registration required. No appointment necessary
for the screenings; **first come, first served.**
